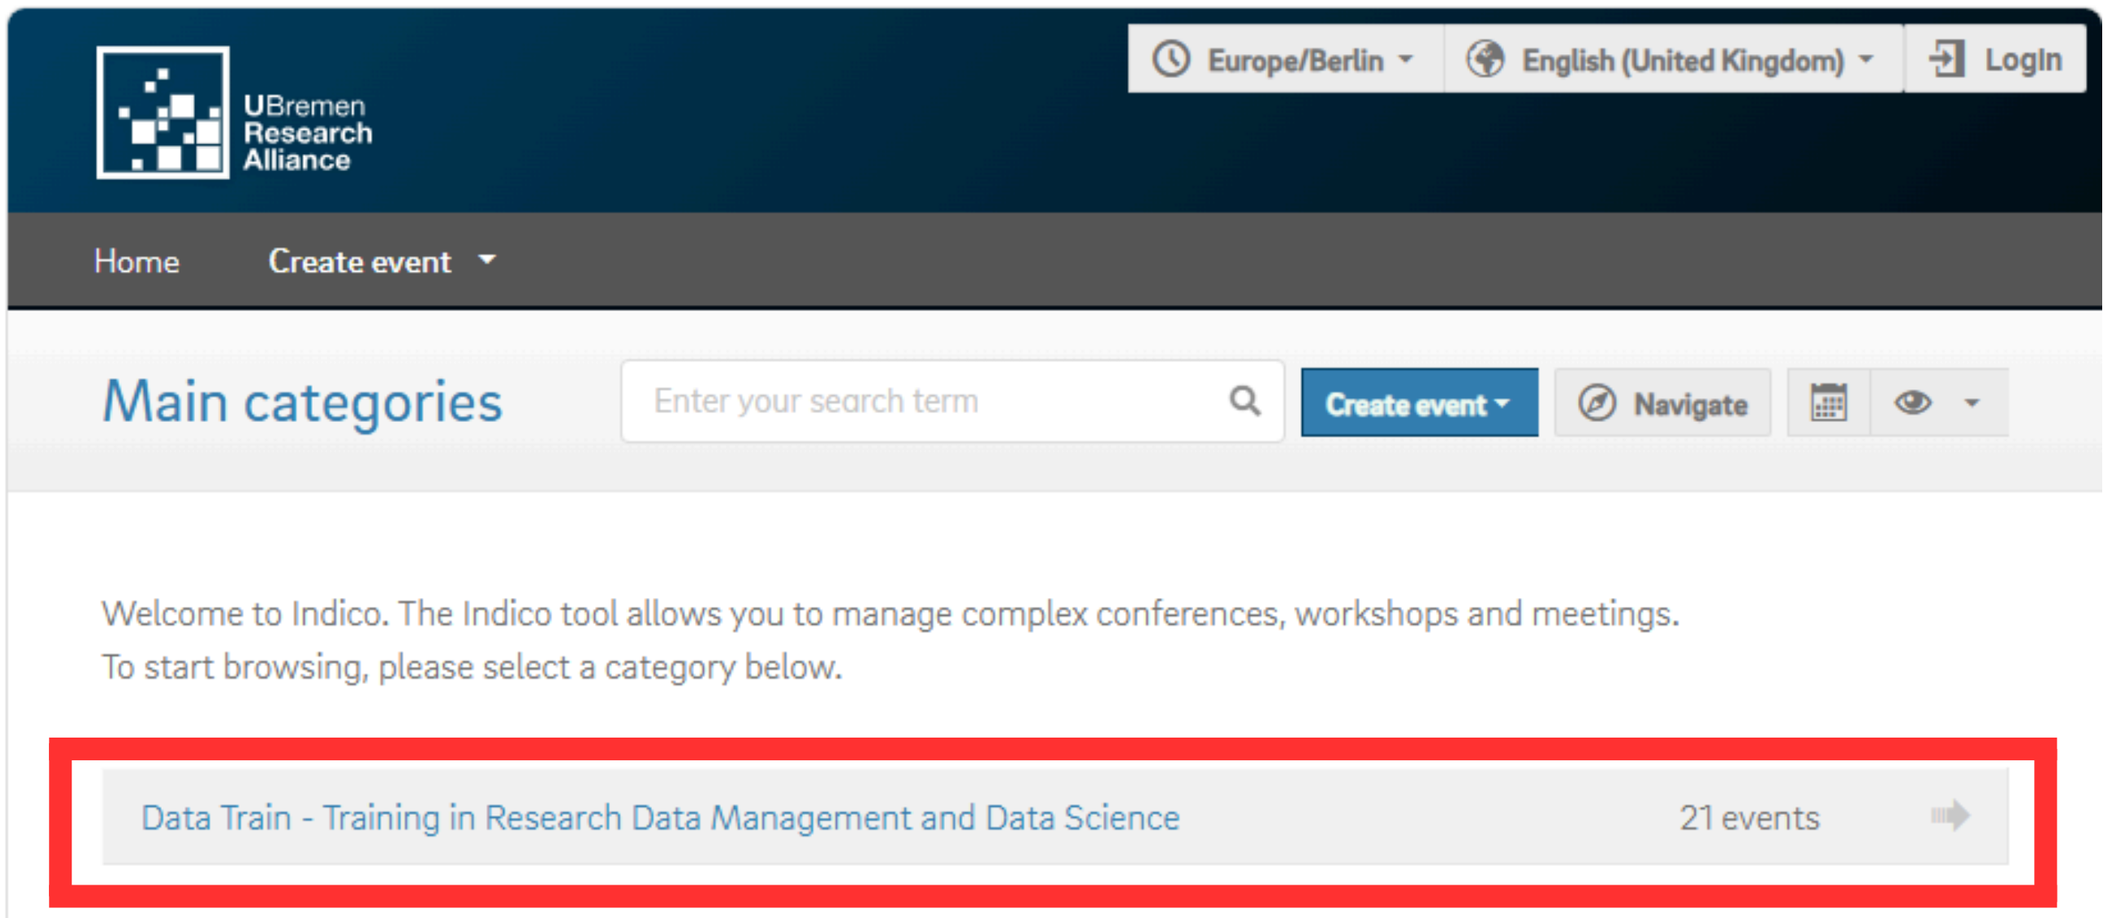
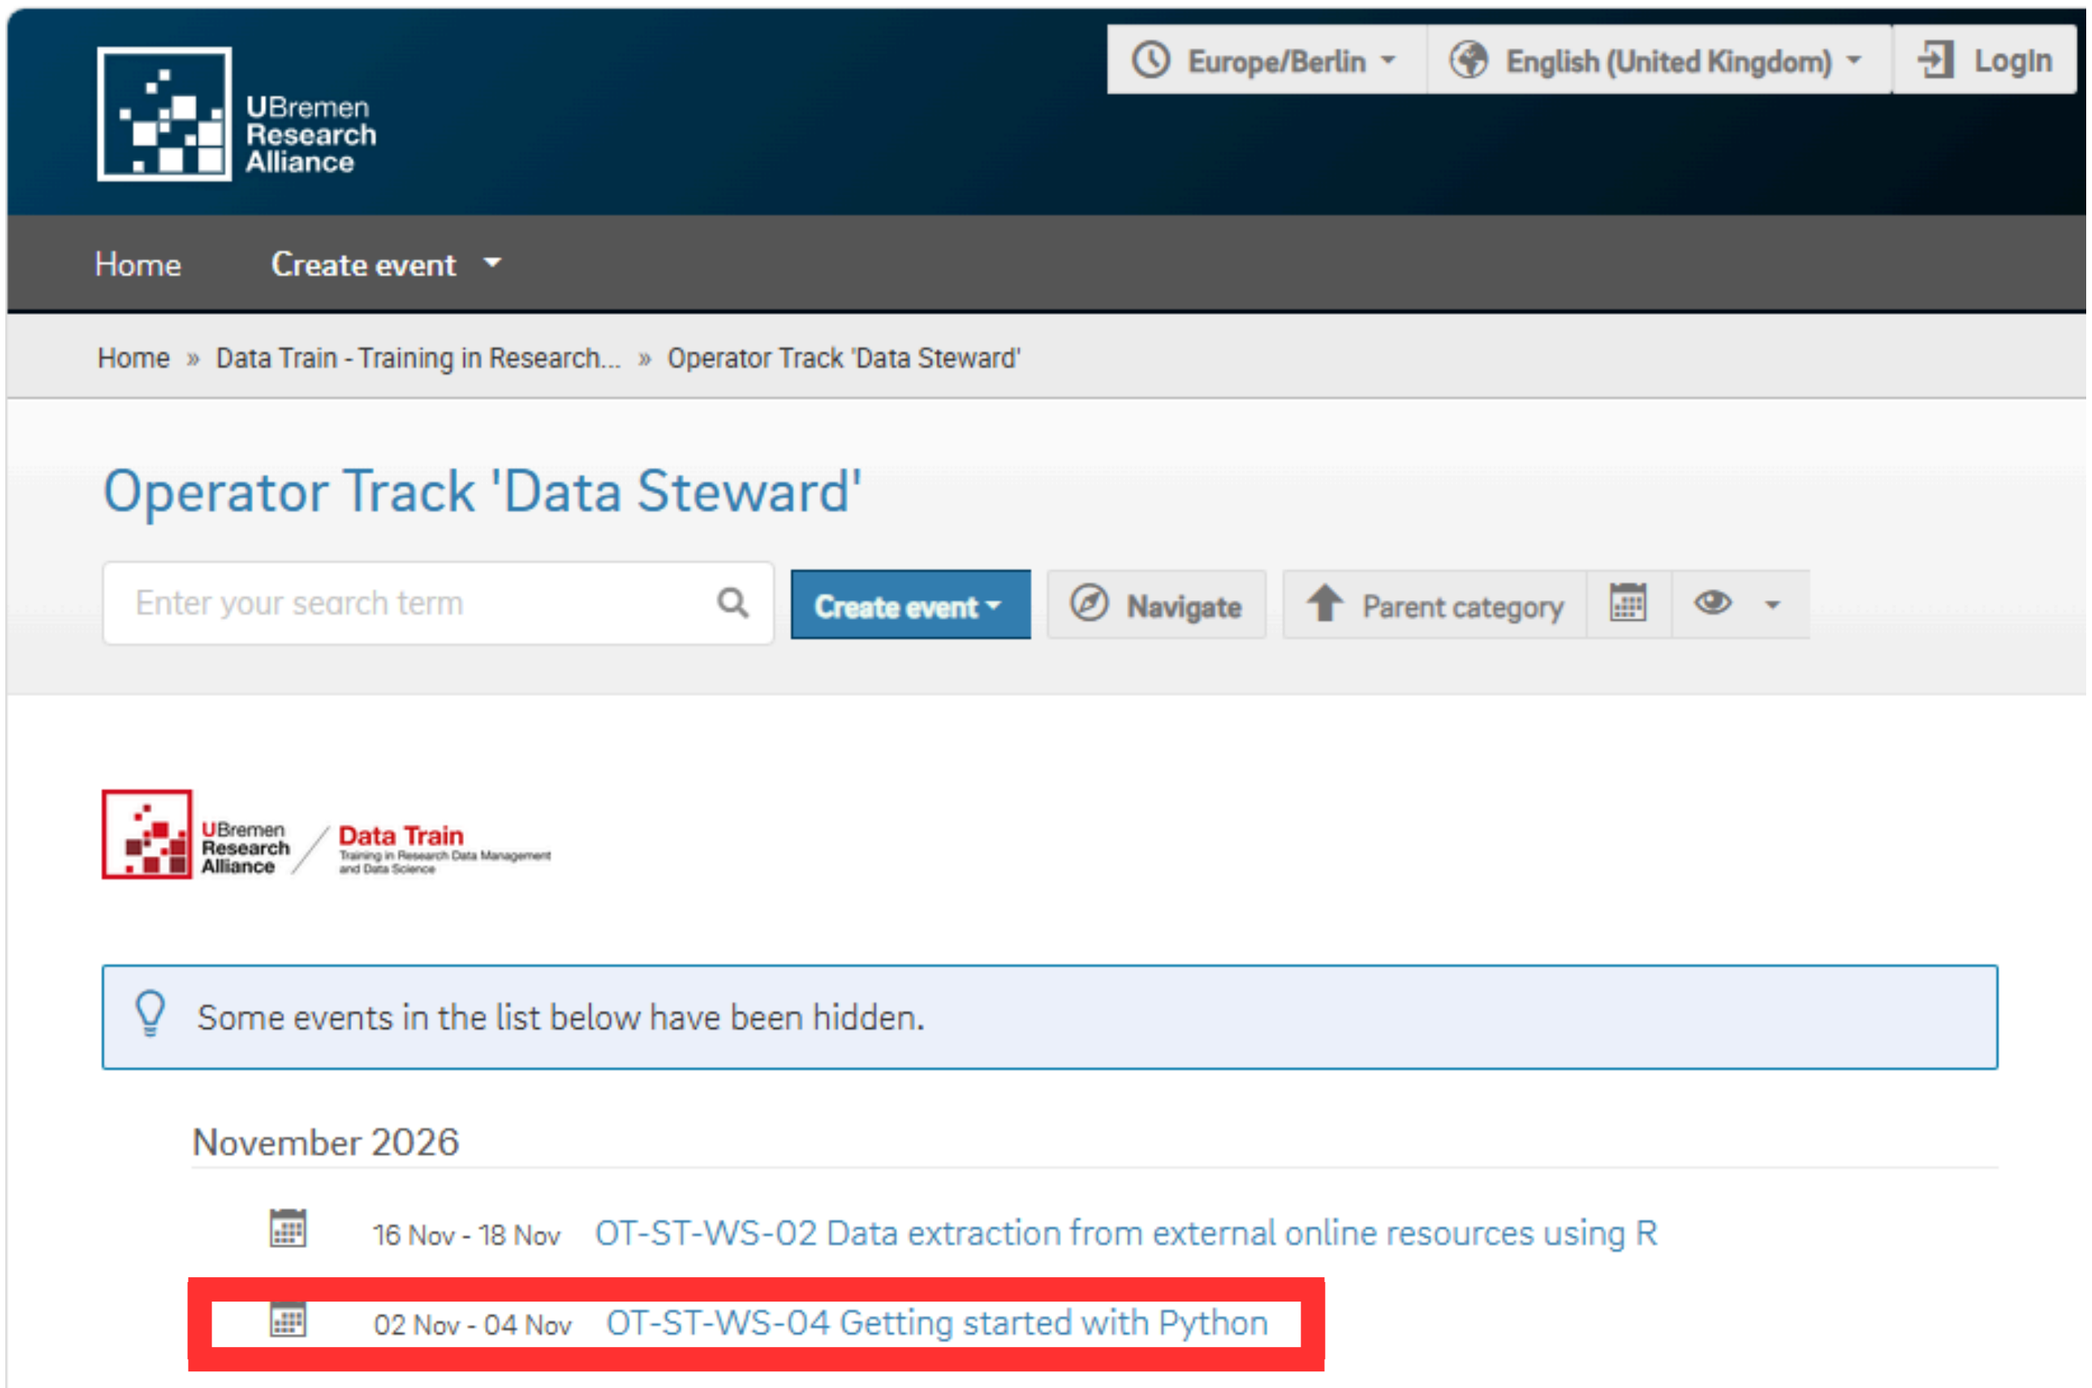
1. Choose ‘Data Train’

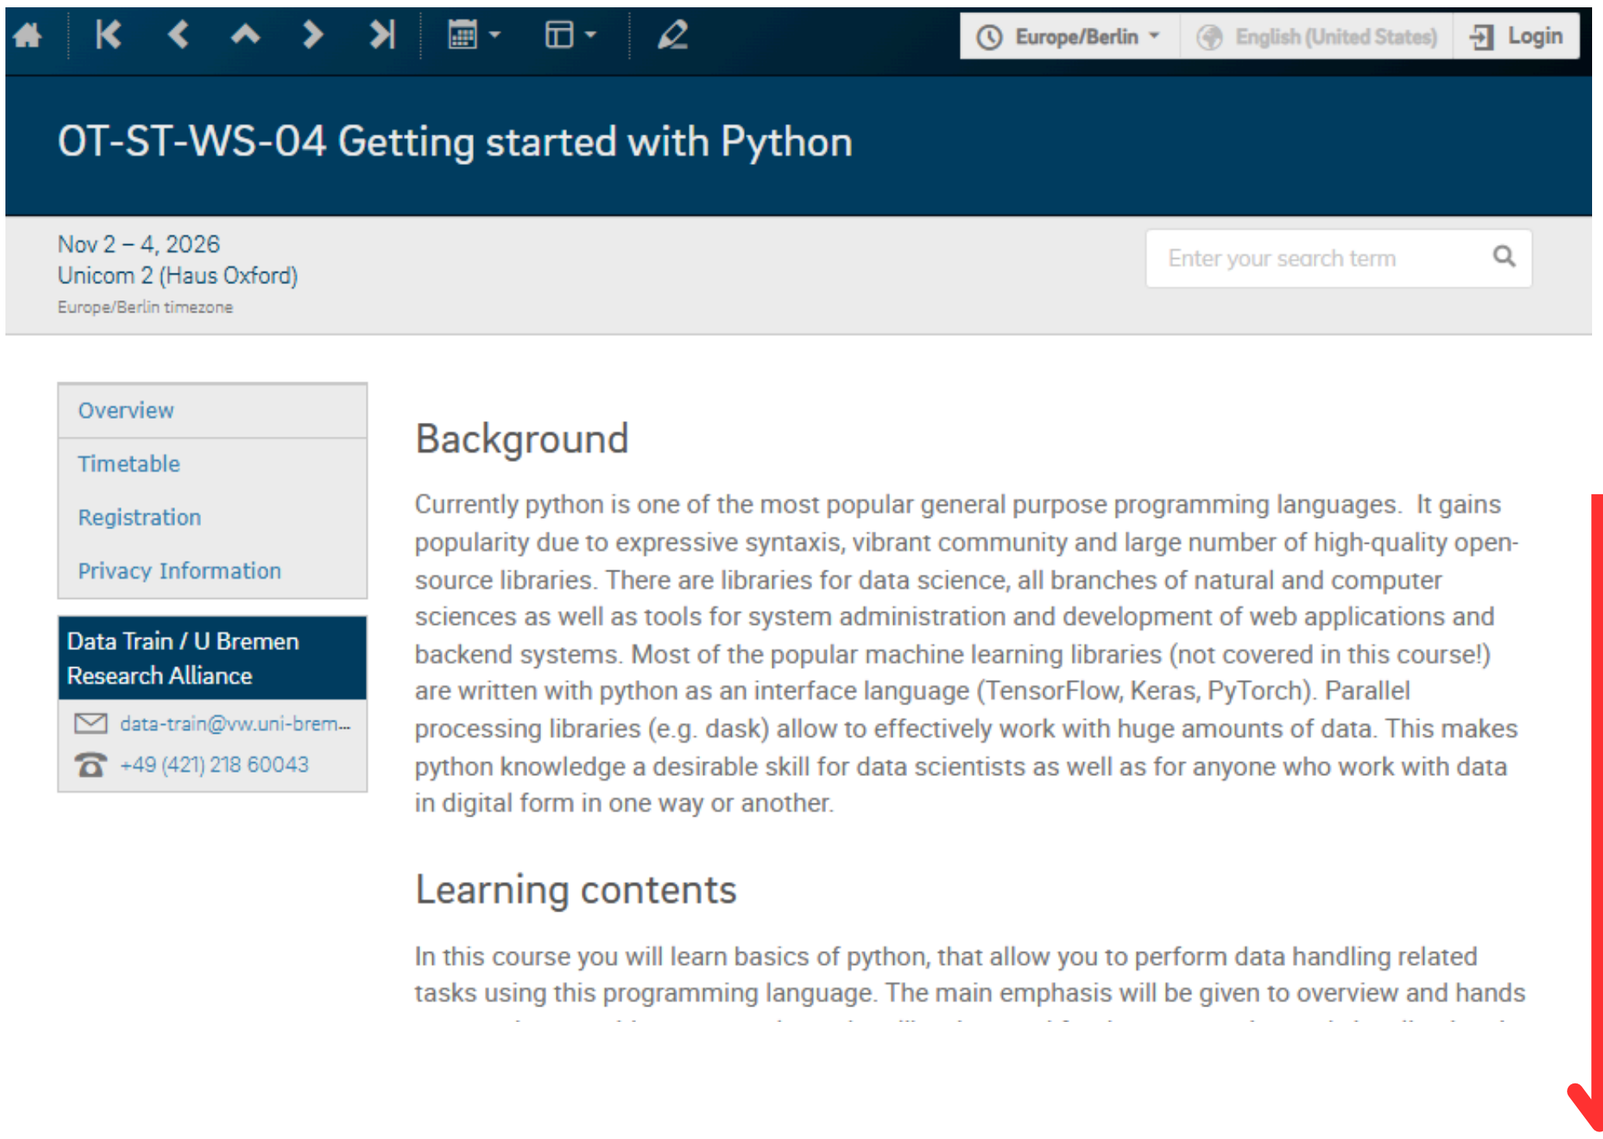


2. Choose your event

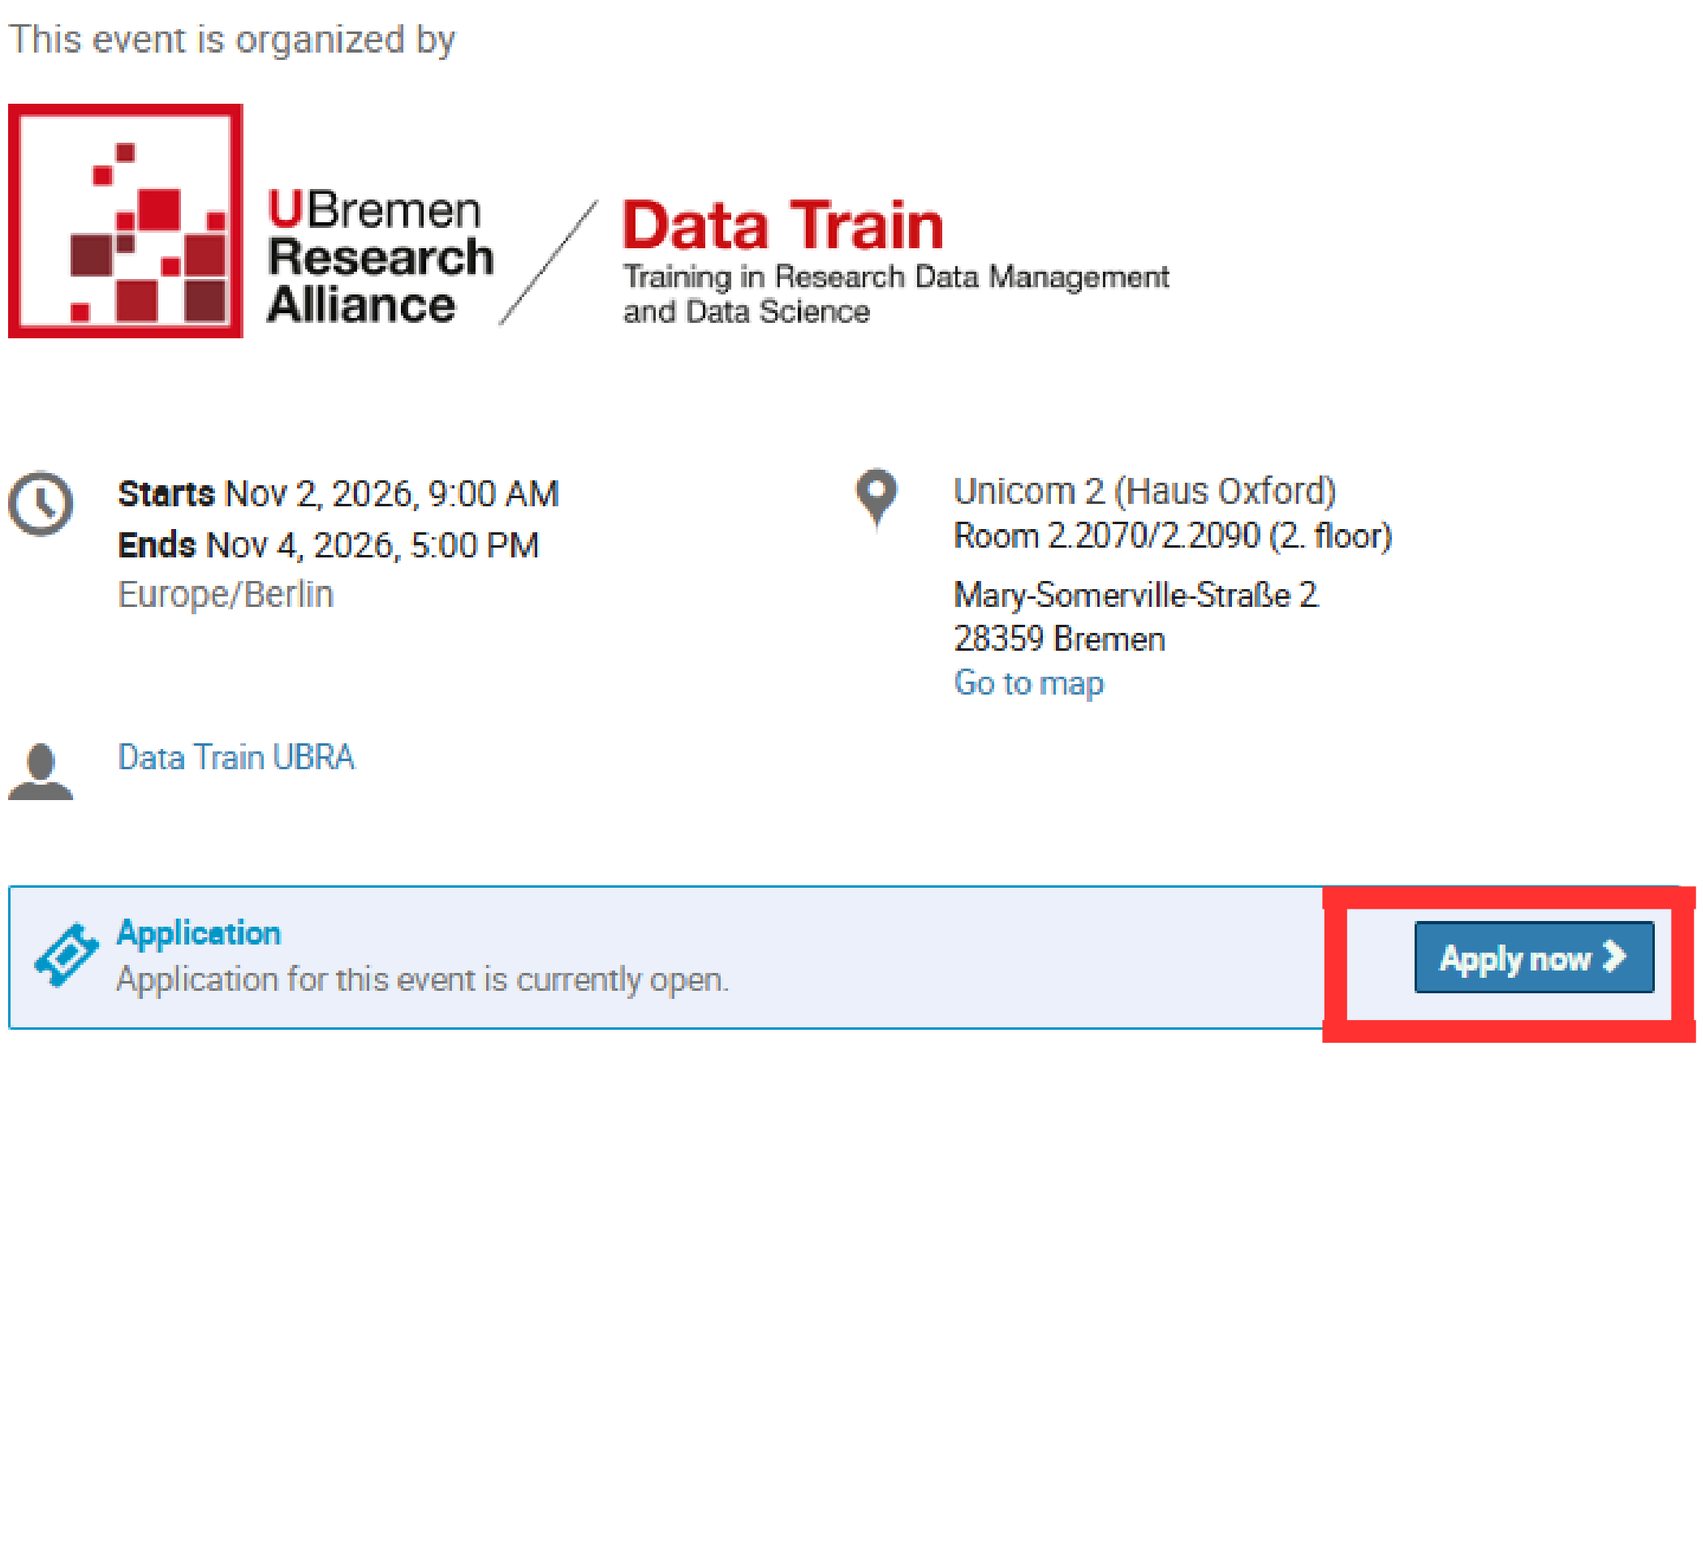
(e.g.: ‘Getting started with Python’)



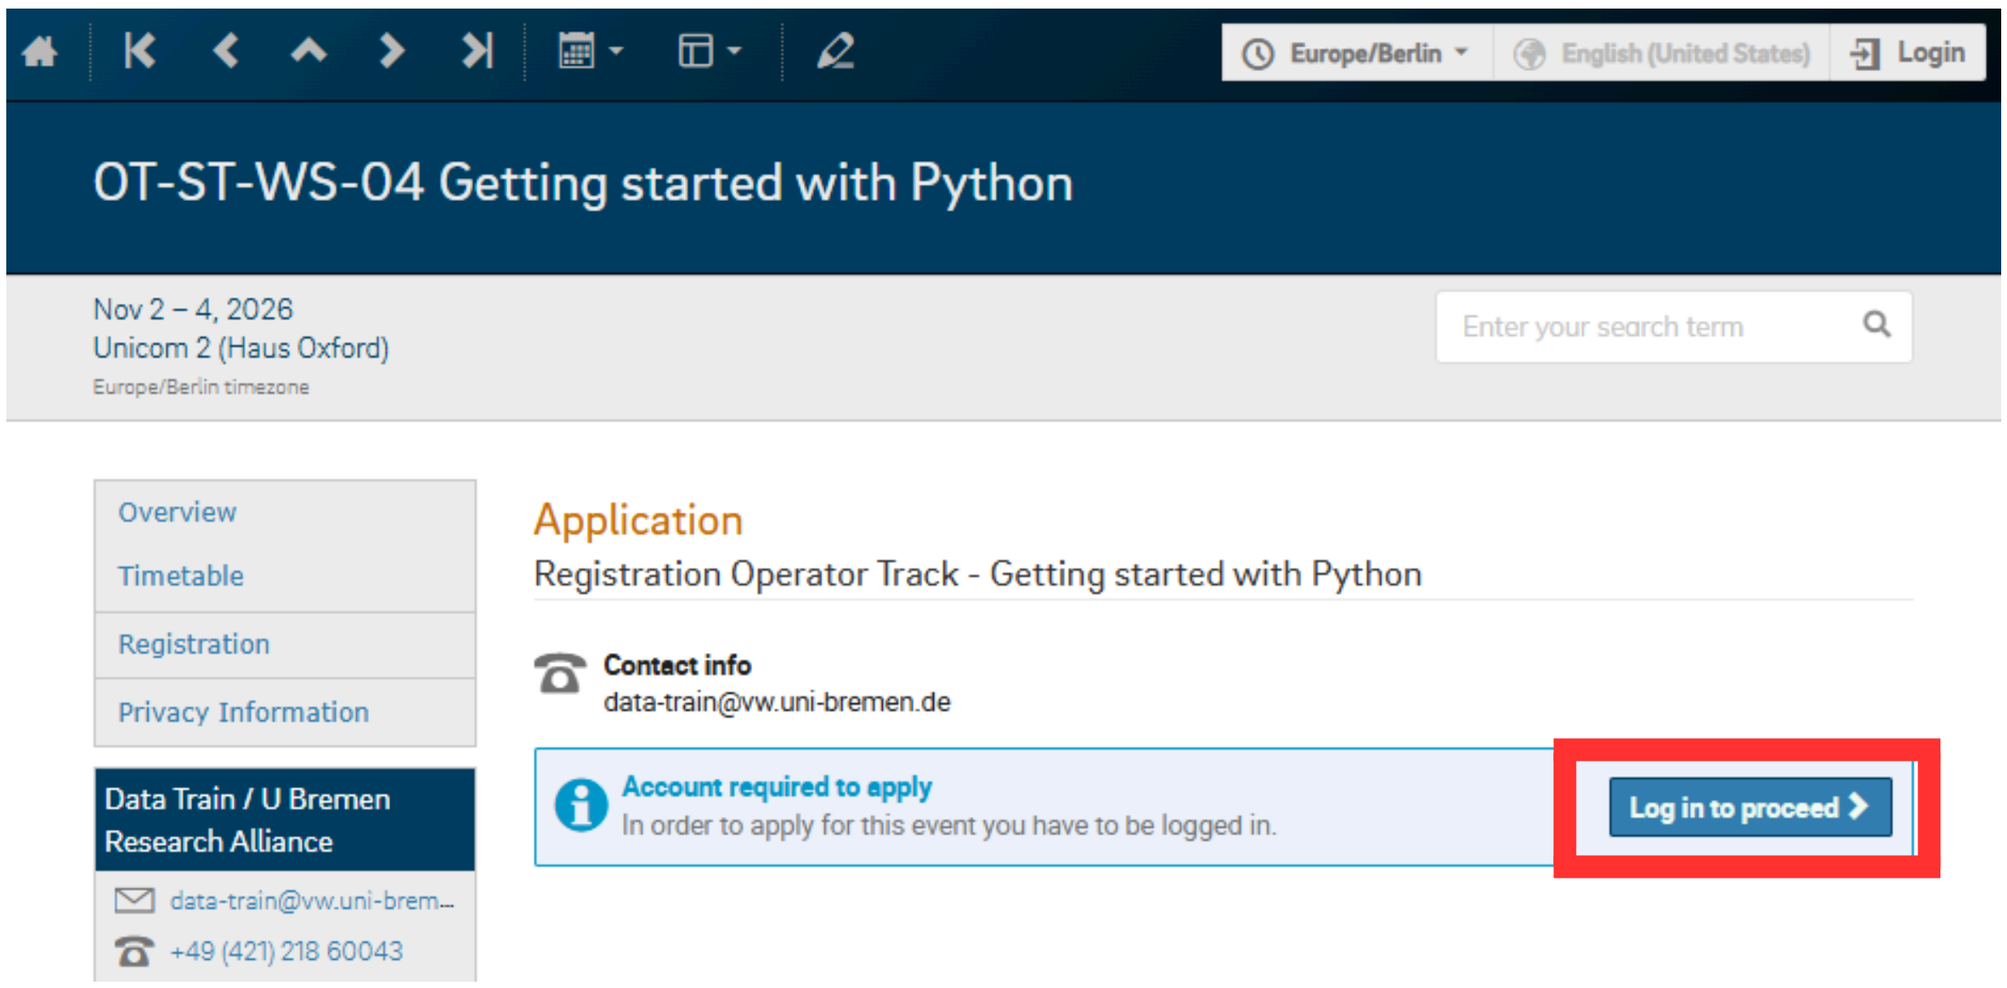
3. Make sure the event fits you



Scroll down and click ‘Apply Now’

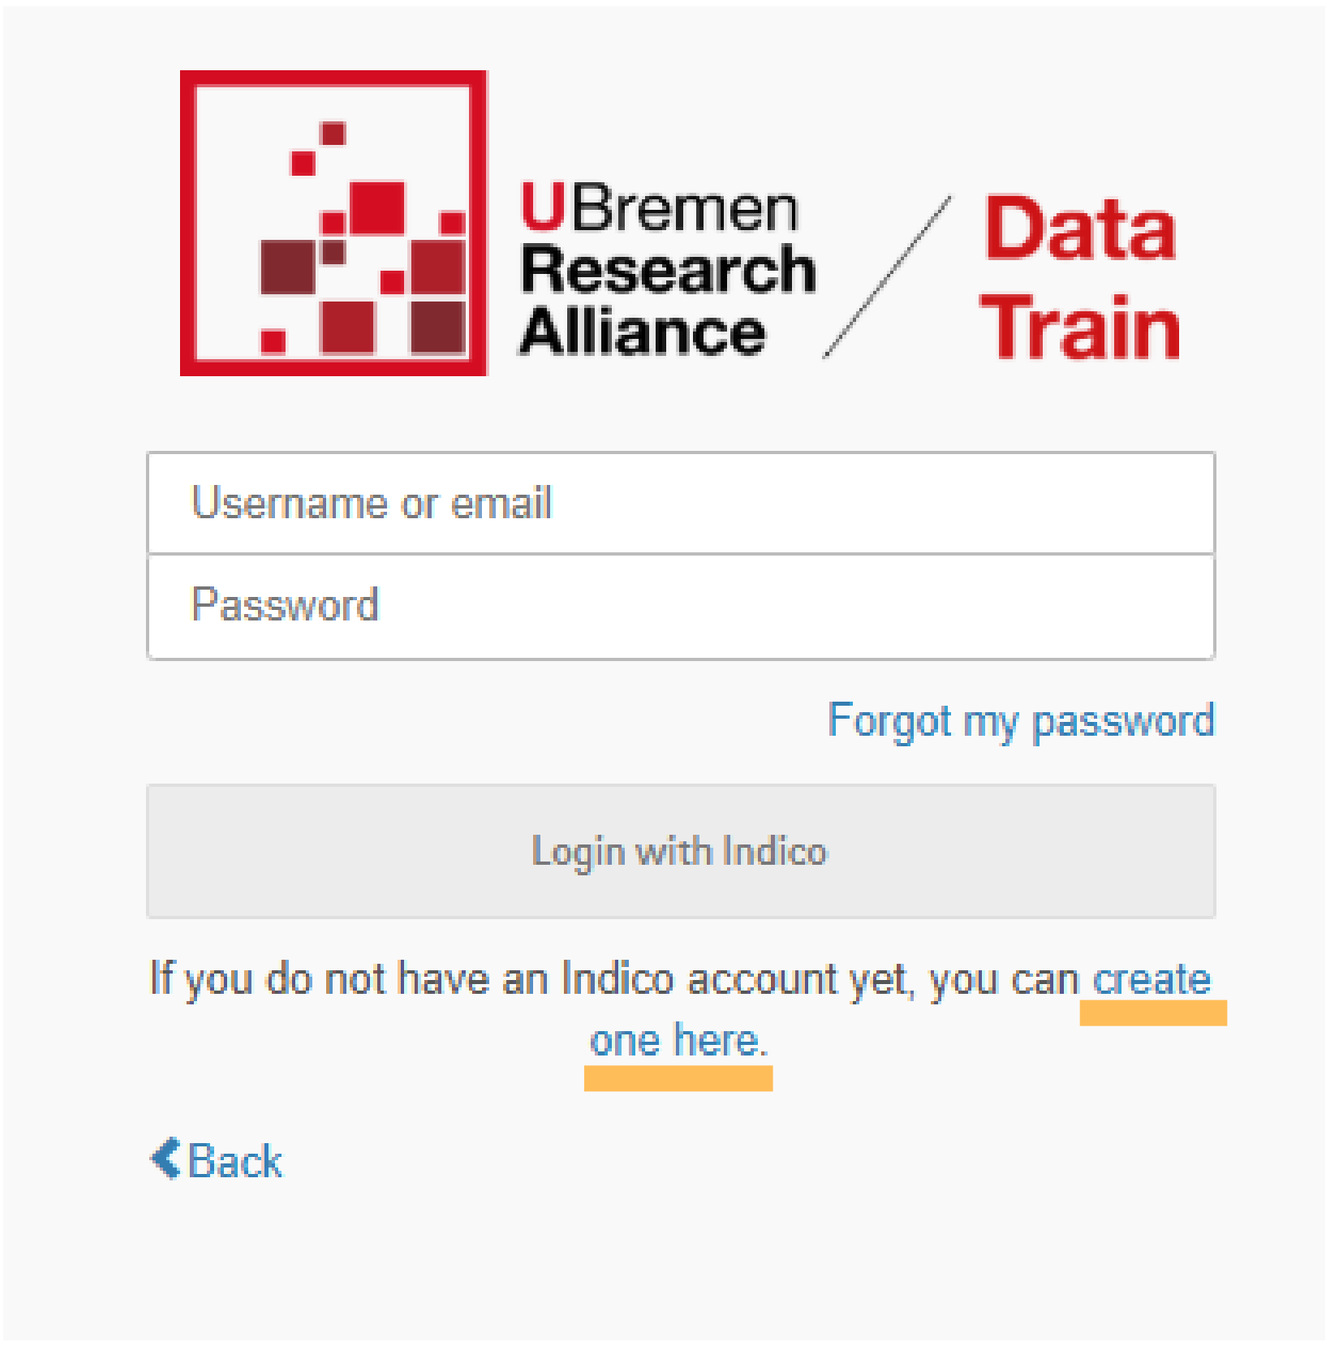


4. Click ‘Log in to proceed’

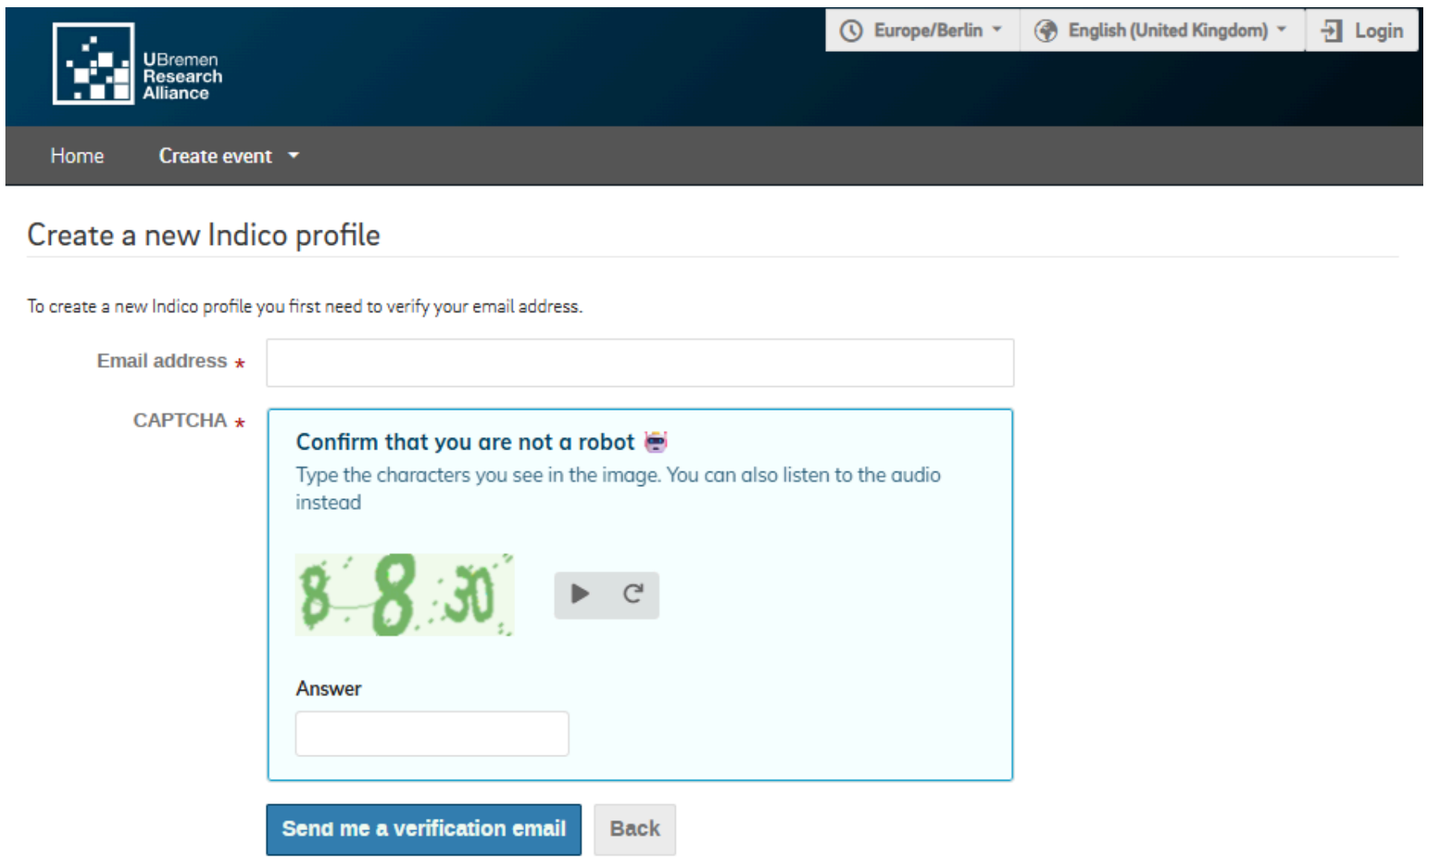


5. Log in to your account

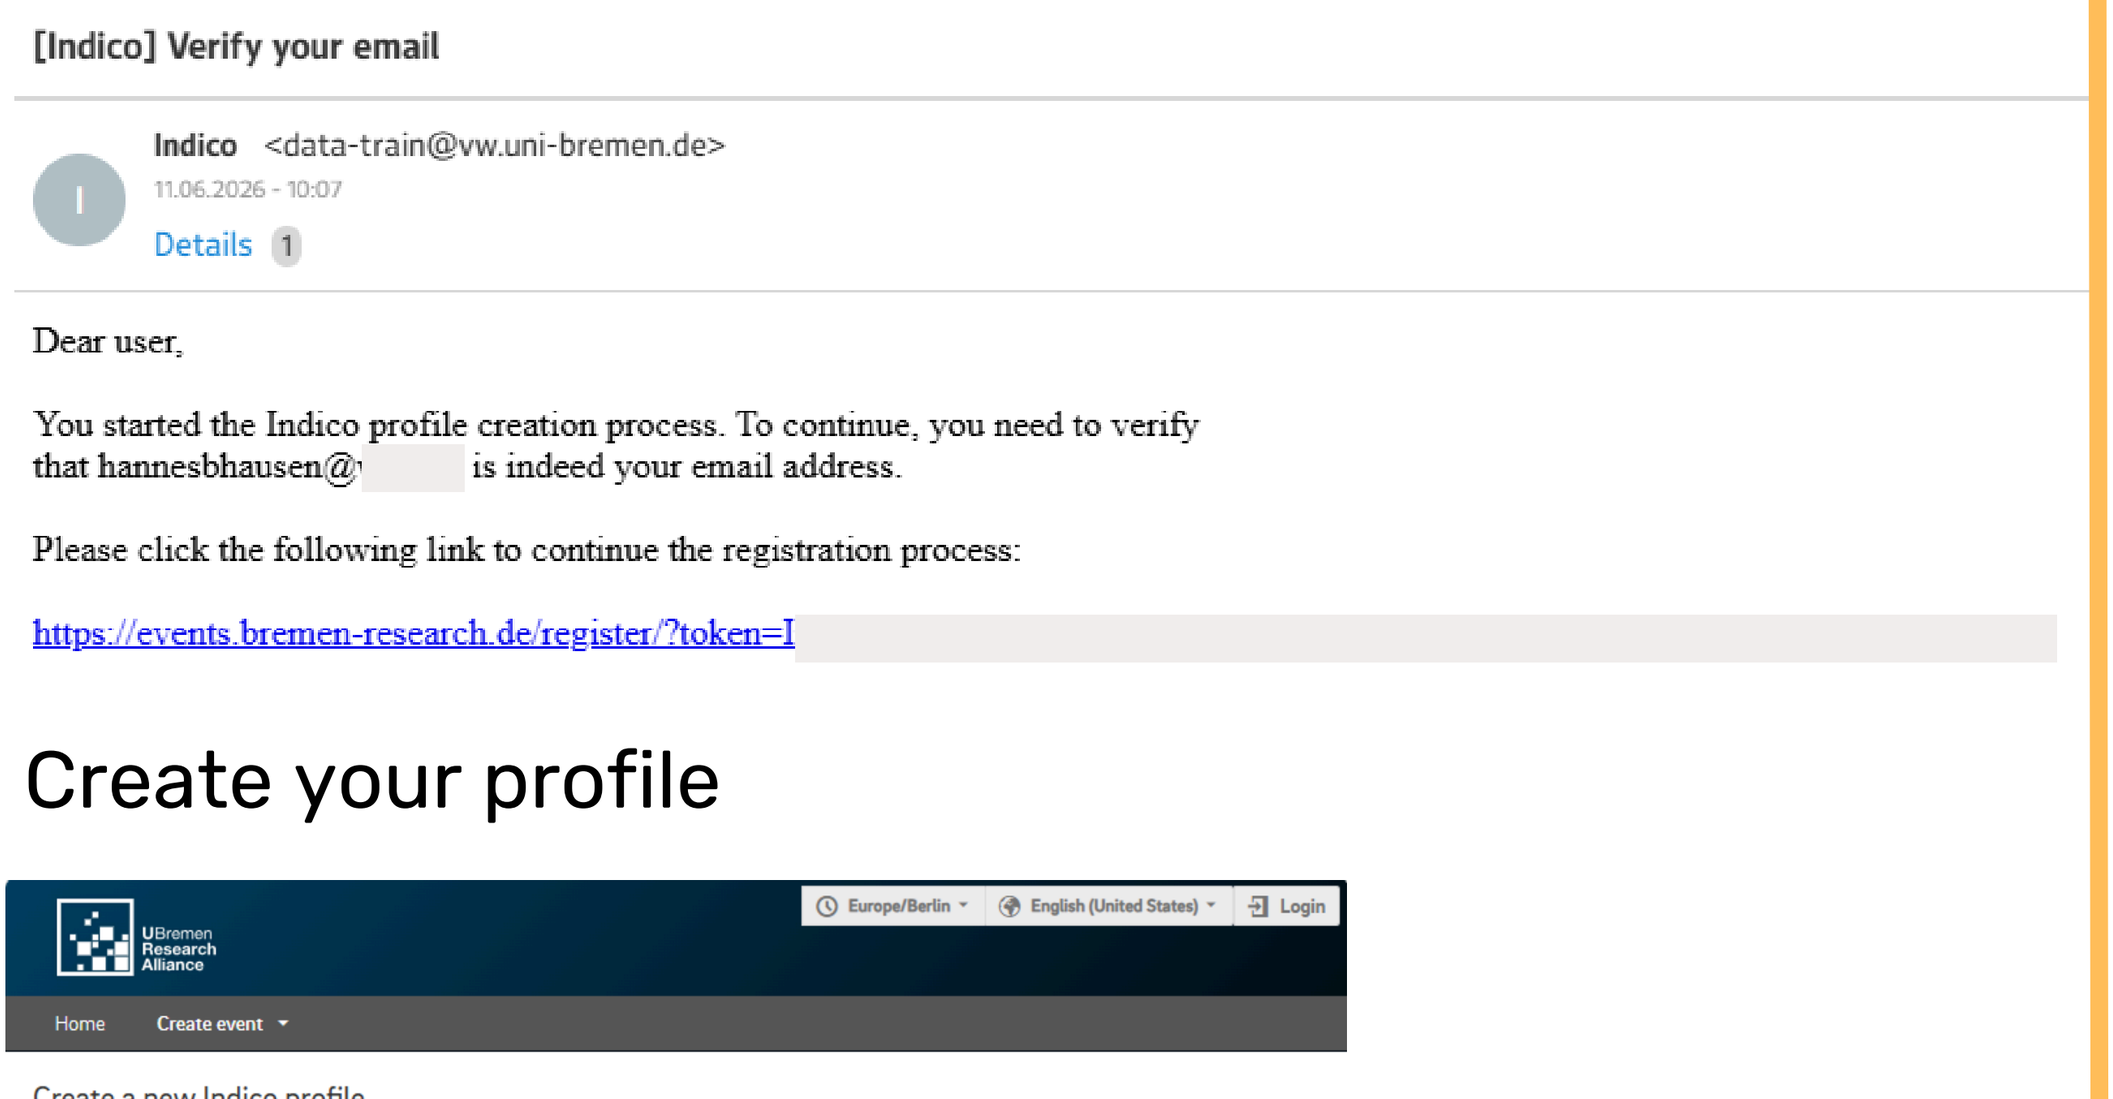
If you don’t have an account, click ‘create one here’



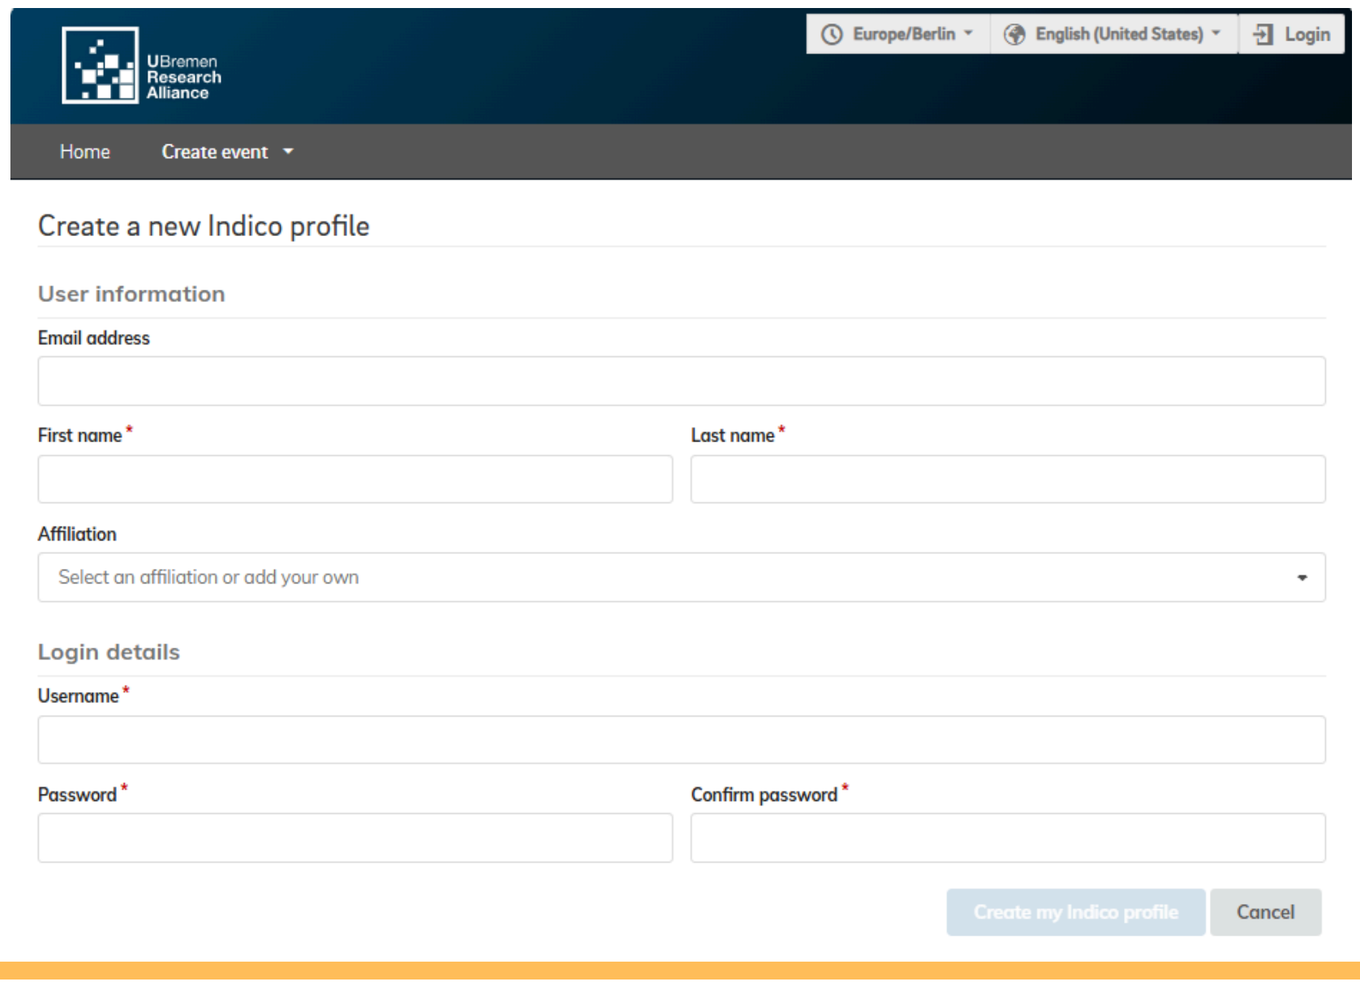
Put in your email address and solve the captcha



Click on the verification link you receive via email (check spam if necessary)



Create your profile



6. Enter your data

Scroll down and click ‘Apply’

Done! ☕

Your submission confirmation will be sent by email immediately. Your registration is final once approved by the Data Train office. In case of limited course capacity, you might be placed on the waiting list.
